

SEE, HEAR AND READ real-life experiences of health and illness.

Have you been diagnosed with breast cancer or are you a breast cancer survivor? Would you like to share your experiences with us?

If you answered yes to these questions, then we would love to invite you for a 1 hour interview to hear about your experiences. With your contribution you will help develop a collection of patient experiences for the website (www.healthexperiences.ca) to allow other patients, family and friends, health care professionals and policy makers to learn from your experiences.

For more information about this study, or to volunteer for this study please contact Ilja Ormel at 1 855 531-2775 or info@healthexperiences.ca.

Thank you!
